

Year 2003 Projects

Project Name	Activity	Project Description	Habitat Type	Acreage	Linear Miles
Accelerated Program for Woody Species Selection (Barataria waterway)	Re-Establishment	Planting of tree and shrub adaptation trial (Only part of an ongoing project)	Wetland	2	
Accelerated Program for Woody Species Selection (Grand Isle)	Re-Establishment	Planting of tree and shrub adaptation trial (Only part of an ongoing project)	Barrier Island	2	
Accelerated Program for Woody Species Selection (Grand Isle)	Re-Establishment	Planting of tree and shrub adaptation trial (Only part of an ongoing project)	Barrier Island	2	
Accelerated Program for Woody Species Selection (Port Fourchon)	Re-Establishment	Planting of tree and shrub adaptation trial (Only part of an ongoing project)	Wetland	5	
Barataria Landbridge Shoreline	Rehabilitation	Placement of rock	Wetland		1.2
BBWW West Reveg.	Re-Establishment	Planting of smooth cord grass and coco fiber logs	Wetland		0.8
Brady Canal II	Re-Establishment	Veg. Planting (1000 gal. Giant Cutgrass	Wetland		1.0
Brown Marsh Plantings	Re-Establishment	Vegetative Plantings in Salt Marsh	Wetland	11	
Brown Marsh Small Dredge	Re-Establishment	Placement of beneficial use of dredge material to create marsh	Wetland	56	
Castex Water Management	Re-Establishment	Veg. Planting (2000 gal. California bulrush)	Wetland	2	
Discovery Project	Re-Establishment	Vegetative Planting (Smooth Cordgrass 5500 plugs)	Wetland	3	
Flexible Dustpan (cutter head dredge) Demo - (Technique using beneficial dredge material)	Re-Establishment	Placement of beneficial dredge material for marsh creation	Wetland	40	
Goose Bayou Reveg.	Re-Establishment	Planting of california bullrush	Wetland		0.7
Jonathan Davis Wetland Construction Unit 3	Rehabilitation	Placement of rock	Wetland		2.6
Lafourche Parish Wisner Restoration Project	Re-Establishment	1)Creation of 45 acres of brackish marsh 2) shoreline protection of an eroding canal 3) beach protection via sand fencing and mangrove planting and 4) degradation of an artificial levee this is currently impounding over 1850 acres of fish habitat	Barrier Island	2,000	
North Little Lake/South Bayou	Re-Establishment	Veg. Planting (1000 gal. Cordgrass 300' coconut fiber mats)	Wetland		1.0
NW Pen Reveg.	Re-Establishment	Planting of california bulrush	Wetland		0.7
Pelican Island Revegetation	Re-Establishment	Veg. Planting (bitter panicum sea oats	Barrier Island		0.6
Shell Island Bay Reveg.	Re-Establishment	Planting black mangrove	Wetland		1.5
South Lake Decade	Re-	Veg. Planting (1920 gal. California bulrush)	Wetland		1.9

	Establishment				
Spartina alterniflora Evaluation	Re-Establishment	Spartina alterniflora Brown Marsh Study (Part of ongoing project Project cost not available)	Barrier Island	1	
Spartina alterniflora Evaluation	Re-Establishment	Spartina alterniflora Selection Study (Part of ongoing project Project cost not available)	Wetland	1	
Wildlife Enhancement	Re-Establishment	Tree planting (1000 Sawtooth Oak 1000 Water Oak 300 Green Ash 300 Mayhaw 500 Baldcypress 200 Blackgum 200 Cherrybark Oak)	Uplands		10.9
Total				2,125	22.9
