

Year 2007 Projects

Project Name	Activity	Project Description	Habitat Type	Acreage	Linear Miles
Buccaneer Cove Preserve (Aransas River, San Patricio County)	Protection / Maintenance	CBBEP worked to secure the donation of 50 acres along the Aransas River in San Patricio County. This 50 acres is adjacent to the existing 134 acre Buccaneer Cove Preserve.	Forested Wetland	50.00	0.00
Port Aransas Nature Preserve - Shoreline Protection	Protection / Maintenance	The objectives of this project were to 1) construct approximately 1 mile of rock revetment along the Port Aransas Nature Preserve (adjacent to the Aransas Ship Channel), 2) construct two rock jetties at the mouth of Piper Channel, 3) tie the revetment into the south-eastern jetty and 4) plant vegetation to help hold together the newly protected shore.	Grassland	1,100.00	1.10
Whooping Crane Habitat Enhancement	Enhancement	The objectives of this project were to 1) survey 3000+ acres for the existence of Chinese tallow, Chinaberry and salt cedar, and 2) manage these invasive species via hydro-chopping, chemical and/or fire management techniques.	Grassland	1,008.00	0.00
Total				2,158.00	1.10
