

Year 2006 Projects

Project Name	Activity	Project Description	Habitat Type	Acreage	Linear Miles
Bullhead Bay Subwatershed, Southampton (0900 11100 0300 030000)	Protection/Maintenance	The parcel was purchased by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	4.04	0
Crooked Pond Subwatershed, Southampton (0900 05300 0200 016001 and 017008)	Protection/Maintenance	The two adjacent parcels were purchased as a group by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	13.21	0
Dering Harbor Subwatershed, Shelter Island (0701 00100 0300 020000)	Protection/Maintenance	The parcel was a joint purchase between Suffolk County (\$1,043,100 through Multifaceted Land Preservation Partnership Program) and the Town of Shelter Island (\$1,044,950 through Community Preservation Fund). The land is protected as open space (not developable). The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	17.75	0
Fresh Pond Subwatershed, Shelter Island (0700 02300 0100 029000)	Protection/Maintenance	The parcel was jointly purchased by Suffolk County (Multifaceted Land Preservation Partnership Program) the Town of Shelter Island (Community Preservation Fund) as open space (not developable). The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	5.90	0
Fresh Pond Subwatershed, Southampton (0900 03500 0200 054005)	Protection/Maintenance	The parcel was purchased by Suffolk County under the Save Open Space Program as open space (not developable). Protecting the Long Island Pine Barrens is important because of its regionally rare wetland and upland communities. The Pine Barrens support the highest diversity of rare species in New York State.	Forest/Woodland	14.04	0
Lake Montauk Subwatershed, East Hampton (0300 01200 0300 004000)	Protection/Maintenance	The parcel was purchased by the Town of East Hampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	0.40	0
Little Bay Watershed, Southold (p/o 1000 02000 0300 003000)	Protection/Maintenance	Suffolk County purchased the development rights off seven acres of this parcel's wetlands through the Multifaceted Land Preservation Partnership Program.	Tidal Wetland	7.00	0
Little Fresh Pond Subwatershed, Southampton (0900 09700 0200 047004)	Protection/Maintenance	The parcel was purchased by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Freshwater Marsh	4.47	0
Little Peconic Bay Subwatershed, Southampton (0900 03500 0200 006000, 0020000, and 041002)	Protection/Maintenance	The three parcels were purchased as a group by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	10.88	0
Long Pond Subwatershed, Southampton (0900 05500 0200 p/o 011001)	Protection/Maintenance	The parcel was purchased by Suffolk County through the Multifaceted Land Preservation Partnership Program as open space (not developable). This parcel was a high priority for protection since it is within the Peconic Watershed and the Southampton Critical Wildlands Area and Aquifer Protection Overlay District, as well as abuts other protected County and Town lands.	Forest/Woodland	41.06	0

Paynes Creek Subwatershed, Southampton (0900 03000 0100 041004)	Protection/Maintenance	The parcel was purchased by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	3.50	0
Pipes Creek Subwatershed, Southold (1000 05300 0200 004000)	Protection/Maintenance	The parcel was purchased by Suffolk County through the New 1/4% Drinking Water Protection Program's Open Space Program as open space (not developable).	Tidal Wetland	3.28	0
Pipes Creek Subwatershed, Southold (1000 05300 0300 002000)	Protection/Maintenance	The parcel was purchased by the Town of Southold as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Tidal Wetland	10.67	0
Reeves Bay Subwatershed, Southampton (inc. 0900 16700 0200 007000 and 008000)	Protection/Maintenance	The parcels were purchased by Suffolk County under the Old Drinking Water Protection Program as open space (not developable). These parcels are within the Pine Barrens - a priority to protect because of the region's regionally rare wetland and upland communities. The Long Island Pine Barrens Complex supports the highest diversity of rare species in New York State.	Forest/Woodland	16.38	0
Sawmill Creek Subwatershed, Riverhead (0600 10900 0200 002000)	Protection/Maintenance	The parcel was purchased by Suffolk County through the Multifaceted Land Preservation Partnership Program as open space (not developable). A Nitrogen Total Maximum Daily Load is currently being developed for Sawmill Creek (among other water segments) because of frequent violations of the New York State dissolved oxygen standard. Open space protection is one of the ways in which to prevent future nitrogen enrichment to groundwaters.	Forested Wetland	5.56	0
Sears Pond Subwatershed, Southampton (0900 18500 0100 001000)	Protection/Maintenance	The parcel was purchased by Suffolk County with funds from the County's Open Space Preservation Program, Multifaceted Land Preservation Partnership Program, and the Old Drinking Water Protection Program as open space (not developable).	Forest/Woodland	271.00	0
Squire Pond Watershed, Southampton (0900 17500 0100 036000 and 031000)	Protection/Maintenance	The parcel was purchased by the Town of Southampton as open space (not developable) with Community Preservation Fund monies. The Community Preservation Fund is a local source of revenue generated through a 2% real estate transfer tax.	Forest/Woodland	6.49	0
Total				435.63	0
