

Year 2003 Projects

Project Name	Activity	Project Description	Habitat Type	Acreage	Linear Miles
Ballona Wetlands Dune Restoration	Enhancement	Removal of non-native plants using a mechanical method: ice plant (<i>Carpobrotus edulis</i>) - rip gut brome (<i>Bromus diandrus</i>) - wild radish - castor bean plant - and other non-natives	Beaches and Dunes	4.50	
Ballona Wetlands Dunes Restoration	Re-Establishment	Planting - watering - and monitoring native plants to Ballona Dunes	Beaches and Dunes	0.50	
Cold Creek Restoration Plan**	Enhancement	Remove non-native plant species with combination of mechanical/chemical method (mediterranean mustard - black mustard - and italian thistle); plant native plant species (purple needlegrass and deer grass).	Uplands	25.00	
Cold Creek Restoration Plan**	Enhancement	Remove non-native plant species with combination of mechanical/chemical method (mediterranean mustard - tocolote - yellow star thistle - smilo grass - spanish broom - and tree of heaven); plant native plant species (cudweed aster - and golden bush).	Uplands	19.00	
Cold Creek Restoration Plan**	Enhancement	Remove non-native plant species with combination of mechanical/chemical method(giant cane - periwinkle - english ivy - and umbrella plant); plant native plant species (coast live oak - willow - california black walnut). Removal of invaise species allows natural reintroduction and expansion of native plants.	Riparian	55.00	2.00
Cold Creek Restoration Plan**	Protection	Acquire properties to protect biodiversity - Cold Creek - Cold Creek Trail.	Riparian	18.08	0.5
Cold Creek Restoration Plan**	Protection	Acquire properties to protect biodiversity - Cold Creek - Cold Creek Trail.	Uplands	1.43	
Medea Creek	Enhancement	Eradication of <i>Lepidium latifolia</i> (broad leaved pepperweed)	Riparian	2.00	
Solstice Creek	Enhancement	<i>Euphorbia terracina</i> eradication (carnation weed)	Riparian	3.00	
Trancas Creek Amphibian Habitat Restoration	Enhancement	Remove invasive non-native crayfish with a trap method.	Riparian		0.28
Tuna Canyon	Enhancement	Control non-native plant species.	Riparian	10.00	1.50
Upper Zuma Falls	Enhancement	Eradication of <i>Conium maculatum</i> (poinson hemlock)	Riparian	2.00	
Zuma Lagoon	Enhancement	Eradication of <i>Brassica nigra</i> (black mustard)	Wetland	1.00	
Total				141.51	4.28
