

Year 2003 Projects

Project Name	Activity	Project Description	Habitat Type	Acreage	Linear Miles
Alafia River Corridor	Protection	Habitat protection by acquisition	Riparian	899.42	
Alligator Lake Habitat Restoration	Establishment	Marsh creation (from spoil mounds) exotics removal - ditch reroute through created wetlands	Uplands	8.00	
Alligator Lake Habitat Restoration Project	Establishment	Marsh creation (from spoil mounds) exotics removal - ditch reroute through created wetlands	Wetland	9.00	
Apollo Beach	Enhancement	Restoration of estuarine open water/wetlands and uplands	Wetland	37.00	
Brooker Anclote Corridor	Protection	Habitat protection by acquisition	Uplands	9.17	
Brooker Anclote Corridor	Protection	Habitat protection by acquisition	Wetland	4.00	
Brooker Anclote Corridor	Protection	Habitat protection by acquisition	Wetland	13.50	
Brooker Anclote Corridor	Protection	Habitat protection by acquisition	Uplands	1.00	
Brooker Creek Preserve	Protection	Habitat protection by acquisition	Uplands	27.00	
Brooker Creek Preserve	Protection	Habitat protection by acquisition	Uplands	2.50	
Brooker Creek Preserve - Mt. Brooker exotics removal	Rehabilitation	Exotics removal	Uplands	100.00	
Clam Bayou Nature Preserve	Protection	Acquisition of land for future enhancement and creation of wetlands for water quality improvement	Beaches and Dunes	7.68	
Clam Bayou Phase 3	Enhancement	Stormwater treatment and ecosystem restoration	Wetland	145.00	
Cockroach Bay Phase c -d -e -f	Enhancement	Restoration of freshwater/estuarine wetlands and coastal uplands	Estuarine	275.00	
Cotanchobee Fort Brooke Park Shoreline Restoration	Establishment	Dock and warf removal - shoreline restoration revegetated with wetland and coastal habitat plants	Wetland		700.0
CSX MacDill/Port Tampa	Enhancement	Exotic removal	Mangroves	220.00	1.5
Dug Creek	Enhancement	Partial restoration of coastal tidal currents via creation of tidal passes - restoration of coastal uplands	Wetland	38.00	
Joe's Creek School Site	Enhancement	Exotic removal - hydrological restoration	Estuarine	20.00	
Largo Central Park	Rehabilitation	Exotic removal	Uplands	22.50	
Little Bayou Habitat Restoration Project	Establishment	Phase II: seawall removed and upland field removed. Creation of saltwater wetland	Estuarine	3.00	
Little Bayou Habitat Restoration Project	Enhancement	Phase 1: creek enhanced and pond created with native vegetation	Wetland	3.00	
Mangrove Bay Habitat Rehabilitation	Rehabilitation	Exotic removal	Wetland	13.00	
Port Redwing	Enhancement	Restoration of estuarine open water/wetlands - freshwater wetlands - and coastal uplands	Wetland	120.00	
River Garden Stabilization	Re-Establishment		Instream		
Tampa Bay Estuarine Ecosystem	Protection	Habitat protection by acquisition followed by restoration	Estuarine	14.18	
Tampa Bay Estuarine Ecosystem	Protection	Habitat protection by acquisition followed by restoration	Estuarine	127.00	
Tappan Restoration	Re-Establishment	Exotic removal - wetland creation - upland restoration and native habitat planting - create empherical pond	Estuarine	30.00	

Weedon Island Preserve Exotic Plant Removal	Rehabilitation	Exotic removal	Mangroves	30.00	
Wolf Branch Creek Phase 2	Enhancement	Restoration of coastal uplands	Uplands	96.00	
Total				2,274.95	701.5
